Family Oriented Company

Family and Work

At Wynne we realize the importance of family in the lives of our drivers. We also understand a drivers desire to develop a healthy mix between work and family life, so we work extra hard to insure this balance is achieved. To help achieve this goal Wynne utilizes top of the line dispatch software that can note special occasions, scheduled vacations, and other necessary times off. Our Fleet Managers will also make every effort to accommodate our driver's individual needs.

Quality Equipment / Maintenance

Operating safely is our top priority and an important factor in a driver's company selection process. We provide our drivers with the newest late model Kenworth or International tractors equipped to enhance their driving experience therefore making the job more enjoyable. Our fleet is backed by a first-class maintenance facility. Our mechanics take great pride in supplying our drivers with reliable equipment that they can count on.

More Consistent Business

Wynne has long standing relationships with many of the nation's top liquid shippers. These established relationships are vital in our ongoing effort to maintain a more consistent wage stream to our drivers. We know that your time has value and we make every effort to see that you are compensated properly for your efforts.

Excellent Pay & Benefits

To attract the highest quality of company drivers Wynne has put together a very generous compensation and benefits package. Included in this package is a pay scale much higher than the normal industry standards. In addition to pay, we provide benefits such as health, dental, vision, and a 401K- retirement plan. We also provide paid training, paid vacations/holidays and free driver uniforms.
